PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This partially fenced military barracks area is located in the northern section of the city of Mikhaylovka (Figure 1).

The installation covers approximately 100 acres and contains 2 multistory administration buildings, 8 probable barracks, 6 probable dependents quarters, one probable hospital, 8 probable storage buildings, 4 vehicle/maintenance

sheds, and 11 probable support buildings. The south end of the installation is secured by a fence (Figures 2 and 3).

Between [REDACTED] missions covered this installation. Comparative analysis reveals no change in or around the installation.

DESCRIPTION OF INSTALLATION

Railroad Service

The Sukhov-Troitskiy rail line runs along the west side of the installation.

Road Service

The installation is served by a primary road which extends northeast to Sebrovo.

Administrative and Troop Housing Areas

Area D1 contains 3 multistory probable barracks, 1 multistory administration building, 1 probable hospital, 3 probable storage buildings, 2 vehicle/maintenance sheds, and 4 probable support buildings.

Area D2 contains 3 multistory probable barracks, 6 probable dependents quarters, 2 probable storage buildings, and 2 probable support buildings.

Area D3 contains 2 multistory probable barracks, 1 multistory administration building, 2 vehicle/maintenance buildings, 3 probable storage buildings, and 5 probable support buildings.

POL Storage Area

Area G contains 9 POL storage tanks and 3 support buildings.
